**PETITION UNDER 37 CFR § 1.102**

SPECIAL STATUS FOR APPLICATIONS RELATING TO BIOTECHNOLOGY  
FILED BY APPLICANTS WHO ARE SMALL ENTITIES

Sir:

This Petition is filed pursuant to 37 CFR 1.102, to request that application S.N.09/846,330, related to biotechnology, filed by George Jackowski et al., a small entity, and entitled "PROCESS FOR DIAGNOSIS OF PHYSIOLOGICAL CONDITIONS BY CHARACTERIZATION OF PROTEOMIC MATERIALS" be granted "special" status.

Applicant herein states that applicant is a small entity, such status being established for S.N. 09/846,330 by submission of the filing fee for a small entity on Aug. 22, 2001.

Applicant further states that the subject matter of the application is a major asset of the small entity.

Applicant additionally states that the development of the technology of S.N. 09/846,330 will be significantly impaired if examination of the patent application is delayed.

09/17/2002 WPHILLIP 00000001 501803 09846330

Sale Ref: 00000001 DA#: 501803 09846330

01 FC:122 130.08 Page 1 of 2

The application deals with a process for determining a proteomic basis for development and progression of abnormal physiological conditions in a patient. Development of the technology to a commercial level requires that an economy of scale be achieved. In order for this to happen, it is incumbent upon applicant to submit evidentiary materials to various manufacturers of diagnostic devices and central laboratory processing facilities and to professionals in the area of performance of clinical trials such that they will feel confident in expanding production of the claimed technology to a point at which it becomes sufficiently inexpensive to be put into widespread use. This will require that examination of the application be accelerated so that the likelihood of obtaining patent protection can be ascertained.

Therefore, applicant respectfully requests that this petition for "special" status be granted.

On information and belief, this Petition is submitted prior to mailing of an action on the merits.

The undersigned declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code
